

Cheech Dismang

August 17, 2018 - January 17, 2026

Our beloved Cheech left this world in his mama's arms — Cheech style.

He is survived by his parents, Edward and Rhea Dismang;

Bonnie, his other mama; his fur sister, Terah;

his human siblings, Faith Mead, Christopher Mead, and Desi Mead;

and his grandchildren, Bella Jane and Brayden.

Cheech had a spirit that was undeniably lovable.

He left this world exactly the way he lived his life — right with his mom.

In the beginning, he bit first and loved later, but once you earned his heart, you had it forever.

Cheech survived a stroke that made him walk a little crooked,

but it only added more character to his already unforgettable personality.

He loved barking in the middle of the yard and running to the dumpster every chance he got.

He left his paw prints on everyone who had the honor of meeting him.
