

Tigger Goeken

December 3, 2005 - December 11, 2024

Tigger is now free from the pain of kidney failure and UTI. He enjoyed a comfortable last night, eating and drinking as usual, and even using the litter box. He seemed to appreciate the warmth of the bathroom heat vent and the soft rug to lie on. I first met Tigger in the summer of 2005, when he was just a kitten. However, he didn't arrive at my doorstep until December 3, 2005, a bitterly cold night. I welcomed him in and fed him. Initially, he always wanted to go outside, so he spent his days out, but consistently returned when I came home from work. Eventually, I decided to keep him as an indoor cat, just before purchasing my home in 2006. I had the pleasure of sharing my life with Tigger for 19 years and 8 days, celebrating December 3, 2005, as his birthday, although he was likely around 19 and a half years old. As my first cat, Tigger will always hold a special place in my heart. He is now reunited with Charlie at the rainbow bridge. 💔🐾

Tribute Wall

“ *Tigger was a lucky cat to be taken in by such a caring fur mommy.
Hugs* ❤️
